

Professional Licensure Disclosure
SUNY Cortland
Program: Teacher Education Program Leading to Certification

New York State prides itself in the high quality of its licensed and certified professionals. For the protection of its citizens, each license and certificate has requirements that individuals must meet in order to be licensed or certified in New York State. SUNY's academic programs leading to licensure or certification are carefully designed to meet and exceed these State requirements. This is a role SUNY plays in protecting the public. Other states frequently have their own requirements, so if your goal is to practice in another state, this disclosure will help you check to see what that state requires.

Per U.S. Federal Regulations, §668.43 (2019 Rule), and in compliance with the State Authorization Reciprocity Agreements (SARA) Manual version 19.2, SUNY Cortland provides the following disclosure related to the educational requirements for professional licensure and certification.

This Disclosure is strictly limited to the SUNY Cortland's determination of its registered teacher education programs leading to certification, that if successfully completed, would be sufficient to meet the educational licensure or certification requirements in another state. SUNY Cortland cannot provide verification of an individual’s ability to meet licensure or certification requirements unrelated to its educational programming. Such individual determinations are made by state licensing boards and are fact-specific determinations.

This disclosure does not provide any guarantee that any particular state licensure or certification entity will approve or deny your application. Furthermore, this disclosure does not account for changes in state law or regulation that may affect your application for licensure and occur after this disclosure has been made.

The above-listed programs at SUNY Cortland are registered with the New York State Education Department as leading to certification and licensure. Successful completion of one of the program, along with submission of finger prints and passing scores on the required New York State Teacher Certification Exams for the specific certificate area, meets the licensure and certification requirements for practice license/certification in New York State.
