## Old Business

••• Alteration of Program: ENVS concentration in GLY major  
Discussion of program total credits continued. It is possible for a student to complete in 120, if they have a strong array of waivers/exemptions coming in. CHE is OK with ENVS variations being offered by different departments. In its original format, ENVS was designed to have an identical curriculum across depts, but that has changed over time (e.g. BIO has a unique variant).

VOTE: unanimous decision to pass revised version of proposal.
