Gender Inclusive Housing Living Agreement

The ultimate goal for Gender Inclusive Housing is to develop a community for all students who choose to participate to feel accepted and supported. This floor is open to students, regardless of gender identity and as space is available, who would like to grow not only as individuals, but as student leaders and active citizens in society.

✓ I agree that it is my responsibility to work collaboratively with my peers in the Gender Inclusive Housing community towards successfully developing a living environment that is both accepting and open to all people, regardless of sex and/or gender identity.

✓ I understand that Gender Inclusive Housing is a way for SUNY Cortland to promote inclusion on campus by providing an environment where students can feel accepted, welcomed and supported. I will utilize effective communication, especially when there is conflict and compromising; and, I will work on building strong relationships with my peers, so that I can become a student leader who is willing to engage with and learn from students who may be different than me.

✓ Part of living in Gender Inclusive Housing will include: signing and agreeing to the terms and conditions of this agreement form, and sitting with a residence hall staff member through a Roommate Agreement Form mediation meeting.

✓ I also understand that should any of my room- or apartment-mates leave, I will be assigned a new room- or apartment-mate of any gender.

✓ It is my responsibility to adhere to all college and residence hall policies in accordance with The Room and Board License and The Student Code of Conduct. I understand that failure to follow through on these expectations may result in the relocation of my housing assignment and/or further disciplinary sanctions. I also understand that if I no longer choose to live in Gender Inclusive Housing, a new housing assignment is not guaranteed.

Please agree to these statements if you intend to participate in our Gender Inclusive Housing option. Remember that by signing this form you agree to adhere to the expectations of this community, and you will actively work towards fostering this inclusive living environment for the other individuals involved.
