Transfer Planning Sheet –Economics (ECO)
The following Cortland courses are recommended by the department to complete prior to transfer. The transfer credit limit from a 2-year college is 64 credits.

Students have the option of pursuing a Bachelor’s of Arts (BA) or Bachelor’s of Science (BS) in Economics. The BA requires additional foreign language while the BS requires additional upper-division ECO courses.

You can choose to add the International Political Economy and Public Policy concentration to this program.

- To view all required courses for the program and Cortland’s General Education courses, see the most current undergraduate Catalog.
- Students currently on SUNY campuses should consult their academic advisor for additional choices in general education categories when any course is recommended.
- Use the transfer equivalency tables to choose equivalents at your transfer college.

SUNY General Education/Cortland Degree Requirements (36-37 cr): Course I will complete at my current college:
