2012-2013 URC Small Grants Program

**Applications accepted anytime during the academic year,
but no later than April 19, 2013**

The Small Grants Program

The Undergraduate Research Council anticipates awarding a number of small (up to \$400) grants to students in direct support of their research or creative activities. Proposals from all academic disciplines are welcome and encouraged.

The URC Small Grants Program is aimed to support original research or creative projects that students complete independently or in collaboration with other undergraduate students. The award is designed to help defray the cost of travel, supplies, and other materials deemed necessary to successfully conduct the project.

The small grant program is **not** intended to (i) provide salary stipends for students and their faculty advisors, (ii) support travel to professional conferences or meetings. Students seeking support for dedicated research over the summer months are encouraged to apply for URC Summer Fellowships and for travel-related expenses to present at professional conferences should consider applying for a URC Travel Grant

Eligibility Requirements

1. Any matriculated full-time SUNY Cortland undergraduate student, including freshmen, enrolled during the semester of the grant. Student must be in good academic standing (not on probation, leave of absence or suspension).
2. Grant funding should be fully expended by the end of the semester in which the grant is awarded.

Expectations

Small Grant awardees are expected to provide a 1-page written **summary of outcomes** at the end of the semester in which they receive the grant.

Evaluation Criteria

Proposals will be reviewed by the Undergraduate Research Council. The evaluation criteria will include: The intellectual quality of the project, merit of the research/creative experience.

Directions: Part A of this application should be filled out by the student(s) and Part B by the faculty advisors. It is permissible for faculty sponsor to assist in completion of the sections I and II of the budget page. If more than one student is involved in the same project, submit a single application and identify each student involved in the project. Only a single faculty statement is required. **Please ensure to include separate pages for the detailed budget and, if required, summary of prior URC support.**

Part A. Student

1. Describe your proposed research project or creative activity. The description should include the goals and anticipated outcomes of the project, including the methodology. If this is a collaborative project, please fully explain the role of each of the collaborators.

2. Indicate the amount of money being requested (\$400 limit). *Complete the budget page containing a detailed budget listing equipment, supplies, travel, and an explanation as to how this money will be used in support of your project.*

3. If you (or any of the collaborators) have received prior support from the Undergraduate Research Council (Small Grant, Undergraduate Summer Research Fellowship, of Travel Grant), provide on separate page(s) a one-page summary describing the activities and other outcomes (e.g., presentations, performances, and/or publications) for each of these previously supported projects.

I understand I must submit a summary report of my project and expenses by the end of the semester in which I receive the grant.
