**Give 5 minutes of one class session for a Study Abroad presentation**

The CSAP program is built around promoting and educating students of Study Abroad programs, not only those here in Cortland but also the many opportunities via other SUNY schools and institutions. One of the many ways we promote study abroad is by visiting classrooms and presenting our own study abroad experiences and discussing with students the many options and opportunities there are to study abroad. Please consider donating a short period of your class time and have a returned study abroad student describe the amazing opportunities and benefits that studying abroad can offer.

Please contact Melanie Figueroa at Melanie.figueroa@cortland.edu to schedule a CSAP presenter for your class!
