

Memorial Library Web Scavenger Hunt

Directions and Answer Key

Directions for Instructors and Teaching Assistants:

This activity will offer COR students an opportunity to review the library homepage and the library tab in the myRedDragon portal to learn about resources available to students.

Potential variations when using this activity:

- Assign the library web scavenger hunt as a homework assignment at the beginning of the semester
- For discipline specific sections of COR, you might want to consider changing questions 7, 9, 10 to focus on your section and discipline
- Ask the students to write a journal entry based on the three things they learned from the activity

Answer Key:

- 1) Dates vary each semester. It is important that they find the full schedule.
- 2) Cell phone use is restricted to the Memorial Library lobby (first floor near circulation desk), Bookmark Café, and bathrooms. Before entering the building, Library users are required to turn ringers off or use the silent hum or vibrate option. If an emergency call is necessary, be brief and keep conversation at low levels or move outside the Library. Be respectful of other users in quiet study areas in the stacks, teaching areas on the first and second floors, and the computer labs. Users are encouraged to play an active role in enforcing this policy or to report loud, disruptive, or uncooperative behavior to a library staff member.
- 3) Interlibrary Loan (ILL) is used to obtain materials needed for research, which are not owned by Memorial Library by borrowing them or requesting photocopies or electronic delivery from other libraries.
- 4) 4
- 5) 3 hours
- 6) **Any three:**
Email, IM (chat), phone, in person, ask-us-24/7
- 7) Schneider, Eric C.,
- 8) PS3537.A426 F7 or PS3537 .A426 F7 c.2
- 9) **Any one:**
NOAA National Geophysical Data Center ; Science.gov ; Scirus ; U.S. Geological Survey
- 10) **Any two:**
American History in Video; Ethnographic in Video Education in Video; Films on Demand
