Pan American Health Organization (PAHO) [www.paho.org](http://www.paho.org)

Mission-To encourage health equality for all, prevent disease and to better the quality and lengthen the lives of people in the Americas.

Programs:
1. Family and Community Health – works to help countries improve their efforts in improving individual, family and community health and better the access people have to health services. They focus on areas such as child and adolescent health, immunizations, HIV/AIDS, nutrition and women and maternal health.
2. Health Surveillance and Disease Prevention and Control- works in priority areas to prevent and control diseases. There are four projects that are going on within this program: chronic disease, communicable disease, health information and analysis and veterinary public health.

Medicins Sans Frontier – USA- Doctors without Borders [www.msf.org](http://www.msf.org)

Mission-To help protect, save and better the lives of those in International countries.

-It is a humanitarian aid organization that sends emergency relief to countries all over the world.

Programs:
1. Doctors, nurses, logisticians, water and sanitation experts and administrators travel all over the world to lend a hand and provide medical care to people in countries all over the world.
2. They not only do immediate relief work, they also care for general issues such as armed conflict, malnutrition, epidemics as well as natural disasters.

World Food Programme [www.wfp.org](http://www.wfp.org)

Mission-Fight hunger worldwide

Programs:
1. School meals (less developed nations) promise at least one nutritious meal a day. “take home rations”- sack of rice and cooking oil for families who send their daughters to school.
2. HIV/AIDS prevention- addressing treatment, care and support, impact mitigation, food and nutrition to help those with HIV/AIDS.
CARE International [www.CARE.org](http://www.CARE.org)
Mission - To serve individuals and families in the poorest community in the world. They influence change by strengthening the capacity for self-help, providing economic opportunity, delivering relief in emergencies, etc.
Programs:
1. Education - address basic education issues within communities with the help of government agencies, communities, and other organizations. Work to train teachers and other school staff to help better the education of the students. They also try to link these education programs so they can apply them in their life for better health, nutrition, etc.
2. Work in Asia, Middle East & Europe, Africa, Latin America and Caribbean - They have several other programs such as HIV/AIDS, emergency relief, Health, Nutrition, etc.

International Medical Corps [www.internationalmedicalcorps.org](http://www.internationalmedicalcorps.org)
Mission - Dedicated to saving lives and relieving suffering through health care training and relief development programs.
Programs:
1. Clean Water, Sanitation and hygiene - train community volunteers how to promote better nutrition, hygiene and sanitation behaviors.
2. Emergency Response - responding to over 50 countries where urgent care is needed. Bring emergency health care, nutrition, water and sanitation and other vital health services.

International Health Organization [www.ihousa.org](http://www.ihousa.org)
Mission - “Empower people for sustained development of their communities in the Indian Subcontinent towards healthy people in a healthy environment”.
Programs:
1. Bihar - Environmental health (prevention, control and treatment of water-borne diseases), Maternal and child health (including family planning and reproductive health), HIV/AIDS and empowerment of women.
2. DEEP Project- focused on slum/poor areas. Establish women’s self-help groups, increase income of urban poor women and improve access to better health care, family planning, education and sanitation facilities.

**Project Hope** [www.projecthope.org](http://www.projecthope.org)

**Mission**- Improve quality of lives by delivering health education, medicines, medical supplies and volunteer help where needed.

**Programs:**
1. Train staff necessary to operate hospitals, clinics and community health programs in poorest regions of the world.
2. Humanitarian AID- provide emergency assistance where disaster strikes and strengthens education programs and facilities with medicines and medical products.

**Oxfam** [www.oxfam.org](http://www.oxfam.org)

**Mission**- Work with others to end poverty and injustice from campaigning to responding to emergencies.

**Programs:**
1. Health- Support communities around the world to set up basic and affordable care in villages. Helped build and renovate 27 low cost clinics in 27 communities. Provide clean water and sanitation in emergencies.
2. Education- Work to help get better funding for education. Calling on world leaders to deliver aid to train 2 million new teachers for poor countries.

**Project Concern** [www.projectconcern.org](http://www.projectconcern.org)

**Mission**- Prevent disease, improve community health and promote sustainable development.

**Programs:** (Different programs in different countries)
1. Ethiopia- Disaster response, human trafficking, women’s empowerment, orphans and vulnerable children.
2. Nicaragua- Water and sanitation improvement and maternal and child health.

**International Planned Parenthood Federation** [www.ippf.org](http://www.ippf.org)

**Mission**- Improve quality of life of individuals by campaigning for sexual and reproductive health and rights through advocacy and services, especially for poor and vulnerable people.

**Programs:**
1. Abortion- Increase access to safe abortion services by advocating for changes in restrictive laws and public policies.
2. Advocacy- Seeks to achieve specific changes in policy, laws and funding to advance sexual and reproductive health and rights for all.
