Transfer Planning Sheet
Geographic Information Systems (GIS)

The following Cortland courses are recommended by the department to complete prior to transfer. The transfer credit limit from a 2-year college is 64 credits. All classes are three (3) credits unless otherwise noted. **SUNY Transfer Path** courses are underlined and notated in blue.

**SUNY General Education/Cortland Degree Requirements (24-25 credits):**

1. Any GE 2 Natural Science (3-4 cr)
2. GE 4 U.S. History & Society: HIS 200 The United States to 1877 **OR**
   HIS 201 The United States since 1877
3. Any GE 7 Humanities
4. Any GE 8 The Arts
5. Any GE 9 Foreign Language**
6. CPN 100 Writing Studies I
7. CPN 101 Writing Studies II
8. COM 210 Fundamentals of Public Speaking

**Major Requirements (12 credits):**

1. CAP 100 Introduction to Computer Applications
2. GRY 110 Physical Geography
3. GRY 120 Cultural Geography (will also fulfill GE 6 Contrasting Cultures)
4. GRY 125 Human Geography and Global Development
   (will also fulfill GE 3 Social Sciences)

**Electives (27-28 credits)**

Total: 64

**A foreign language course at the beginning level I (101) is required for this major. Sign language is acceptable as a foreign language for this major.**

**Students must add a concentration to this program.** You can choose from Advanced Geospatial Applications, Computer Techniques, Demographics and Business Demographics, or Environmental Science.
Geographic Information Systems  
School of Arts and Sciences  

The program requirements pertain to the Undergraduate Catalog and are intended as a guide for academic planning. Students currently on SUNY campuses should consult their academic advisor for additional choices in general education categories when any course is recommended.

➢ To view all required courses for the program and Cortland’s General Education courses, see the most current undergraduate Catalog.
➢ Use the transfer equivalency tables to choose equivalents at your transfer college.
➢ If you plan to transfer before you complete your associate’s degree, you can still earn your degree via Reverse Transfer.

About Geographic Information Systems

Prepare to strategically solve real-world problems and come up with cutting-edge solutions through a combination of technology and business skills. You’ll learn the nature of geographic data while recognizing the appropriate applications of GIS technology to solve spatial issues.

Career Potential

➢ Environmental GIS specialist
➢ Land use planner
➢ Marketing and business geographics consultant
➢ Law enforcement analyst
➢ Transportation planner
➢ Emergency response planner

What Will I Learn?

You will receive computer training in

➢ digital processing of remote sensing observations and cartographic vector data.
➢ spatial analysis.
➢ the display of information products in ENVY and GIS software.

The curriculum will provide you with the necessary background to use remote sensing in various fields such as

➢ military analysis and intelligence.
➢ environmental monitoring.
➢ counter-narcotics.
➢ disaster assessments.
➢ law enforcement and other related fields.

Applying to Cortland

➢ SUNY Cortland accepts the Common Application and the SUNY Online application. Choose just one way to apply; both require a $50 non-refundable application fee.
➢ If you apply to Cortland using the SUNY application, SUNY will waive the $50 application fee for transfer students graduating with an associate degree from a SUNY or CUNY college, who apply directly to Cortland for baccalaureate programs.
➢ Fall applicants should apply by March 1. Spring applications should apply by November 1.
➢ After applying, students must send transcripts from all colleges attended and a high school transcript.
