## **I. Preamble**

The Teacher Education Council (hereinafter TEC) is the advising and disseminating body of the Teacher Education Unit which represents all BA, BS, BSED, MSED, MST, MAT and CAS teacher education programs at SUNY Cortland. The TEC is a mechanism that facilitates collaboration between teacher education faculty and other stakeholders in the teacher education process. The TEC is charged to lead efforts toward professional, scholarly and intellectual excellence in the College's teacher education programs, and to conduct itself in an atmosphere of open, full and intellectually vigorous discourse. The TEC is a deliberative forum for faculty participation that advances teacher education, the quality of education in society, and the study of education.

## **II. Role and Function:**

The TEC's function is to discuss issues of concern related to teacher education programs, to make recommendations pertaining to the teacher education unit to the Unit Head, and other appropriate administrative bodies, and ultimately to the President or his/her designee. The President has designated the Provost as the Unit Head for all educator preparation programs at SUNY Cortland.

The TEC serves as a forum for the dissemination of information and directives from external agencies that impact teacher education programs. While the TEC advises the Unit Head on issues related to teacher education, it does not supersede the authority of regular departments, programs, Faculty Senate, senate committees, or curriculum committees. Final decisions or recommendations related to curricular issues, staffing, resource allocation, college organization and the like shall be the responsibility of the Unit Head. The TEC reports directly to the Unit Head.

## **III. TEC Chair and Function of Chair and Unit Head for Teacher Education Programs**
