<b>GE8-Arts SLOs</b>	SLO1 is SUNY wide requirement SLO2 is Current Cortland requirement SLO3 is proposed additional SLO	<b>Edits made SLO3 to make easier to work with, some bits shifted to SLO1, some bits to goals, some cut.</b>
<b>GE4</b>	Question regarding SLO2 should this shift to language about students demonstrating an understanding to make it measureable	<b>Wording to be updated across SLOs (not just GE4) to talk about students demonstrating XYZ</b>
<b>GE6</b>	Discussed keeping non-western requirement. Discussed SLO2 and need to clean up language about environmental, social or economic sustainability. Concern that SLO2 is too large to be assessed.	<b>Edits made to SLO2. Will reach out to Justin about non-western issue.</b>
GE9	No changes	-
Information Literacy	Domain of other standing Cortland committee. Mention of existing framework for assessing currently active SLOs	-
Subcommittee work due next meeting	Subcommittees: create draft of letter to parties who teach in GE categories with necessary/possible changes to SLOs. Some rejiggering of subcommittees to make fuller use of people.	Frank to GE 8, Dan to GE 7, Jenn to GE1
