→ Our annual football rivalry with Ithaca College set the all-time single game Division III attendance record with 45,161 fans in 2019.

GET IN THE GAME

EXPRESS YOUR RECRUITING INTEREST

→ As a Division III program, SUNY Cortland does not award scholarships for athletics. However, most Red Dragon student-athletes have excelled in high school or junior college before being recruited by a head coach or assistant coach.

Prospective student-athletes can follow these tips:

- Visit cortlandreddragons.com to learn more about a specific team.
- **Scan the QR code** to fill out an student-athlete interest form or contact the coaching staff.
- Consider attending an identification clinic or camp if one is offered in your sport.

Home of the Red Dragons

Cortland's Division III teams enjoy facilities that serve as a model for institutions across the country. Park Center houses offices for the Athletics Department and its coaches. A major renovation of its façade was completed in 2019. Red Dragon teams compete nearby.

WALLACE FIELD → baseball

Features of this field (pictured top left) include seating for 600 spectators, a press box, dugouts, outdoor batting cages, a nearby indoor batting cage and a turf infield added in 2019. The postseason finishes on the outfield fence are a testament to the team's success over the past 25-plus seasons, which includes a national title in 2015.

ALUMNI ARENA → ice hockey

Located in Park Center, this facility (pictured left) saw renovations in 2019. The arena, which seats up to 2,500 fans, hosts external skating and hockey events in addition to SUNY Cortland's Commencement ceremonies in the spring.

HOLSTEN POOL → swimming and diving

This six-lane, 50-meter pool in Park Center (pictured bottom left) features a state-of-the-art timing system and seating for up to 1,500 people. The 15-foot diving area includes two 1-meter boards, two 3-meter boards and an underwater viewing deck.

STADIUM COMPLEX

→ football, field hockey, lacrosse, outdoor track and field, soccer

Opened in 2002, the complex (pictured left) includes two artificial turf fields: Grady Field, which seats 6,500 people, and White Field, which holds 1,500. Both have lights for night contests. This facility also hosts many high-profile local and statewide sporting events.

The Stadium Complex serves as the championship site in girls lacrosse and girls soccer for the New York State Public High School Athletic Association.

LUSK FIELD HOUSE

→ indoor track and field, indoor practice for various sports

This 40,000-square-foot athletic facility (pictured above) houses a four-lane indoor track. Protective netting creates a practice area for the lacrosse, baseball and softball teams. This building also accommodates courts for basketball, volleyball and badminton for physical education majors.

TENNIS COURTS

→ women's tennis

Constructed in 2015, this complex (pictured above), located adjacent to the Student Life Center, offers 16 courts and seats 200 people.

HOLLOWAY FIELD

→ soccer

This natural grass field, which serves as a competition site for Cortland soccer, completed a renovation in 2019. It features lighting for night games and seating for 1,000 spectators.

Recent major construction projects brought a new exterior to Park Center and playing surface to Holloway Field.

The C-Club Hall of Fame, located in Park Center, includes 289 alumni and 32 honorary members.

JETS FIELD

→ soccer

These two grass fields were formerly used by the NFL's New York Jets during their summer training camp in Cortland from 2009-14.

COREY GYMNASIUM

→ basketball, volleyball, women's gymnastics, wrestling

This full-size arena located in Park Center (pictured below) includes bleacher seating on both sides for up to 3,500 fans. The court has access to locker rooms, showers and a training room. It also has welcomed national tournaments in several sports.

DRAGON FIELD

→ softball

Seating for 400 fans, a press box, dugouts, bullpen areas and outdoor batting cages constitute this field. Strong postseason finishes decorate the outfield fence.

SPORT CLUBS

→ There are many alternatives for students who want to get involved without the demands of an NCAA program. Clubs are offered across three levels: instructional, recreational and competitive. All are led by students and receive partial funding. Some hold tryouts and play against other institutions.
