ENGLISH

FRENCH

FRENCH AND SPANISH

MATHEMATICS

PHYSICS

PHYSICS AND MATHEMATICS

SOCIAL STUDIES

SPANISH

→ *Teacher Recruitment Day, an event that takes place each spring, welcomes recruiters from 120 school districts across the country to SUNY Cortland's campus.*

PROGRAM HIGHLIGHTS

SUNY Cortland is proud to prepare more educators than any other public institution in New York state. Students interested in teaching at the middle or high school levels discover 11 opportunities, some offering two certifications or a dual major.

STRONG CONTENT KNOWLEDGE

Adolescence education majors are housed in specific academic departments such as biological sciences, English, history and modern languages. In the classroom students master their subject area and are trained to be highly effective teachers.

EXPERIENCE IS THE BEST TEACHER

Student teaching placements are arranged by the Field Experience and School Partnerships Office and are offered in various districts across New York state. Students also gain at least 100 hours of early fieldwork through school-based activities prior to student teaching.

By the numbers

#23

nationally among the 50 best value colleges for teaching degrees
