or a clinical doctorate in audiology is required in
the field.*

PROGRAM HIGHLIGHTS

Training blends cutting-edge theory, clinical methods and research that have proven to prepare Cortland students for graduate study and professional practice anywhere. They learn from the best — faculty members who set high standards as licensed, certified and practicing speech-language pathologists and audiologists.

STATE-OF-THE-ART FACILITIES

Opened in 2011, the multimillion-dollar Center for Speech, Language and Hearing Disorders provides evaluation and therapy services to children and adults with communication and swallowing difficulties. It also provides experience for graduate student clinicians.

NATIONAL STUDENT SPEECH, LANGUAGE AND HEARING ASSOCIATION (NSSLHA)

SUNY Cortland's NSSLHA chapter is involved in community activities, mentoring, networking, a biennial conference and social events.

By the numbers

#2

ranking in New York state for
speech and hearing science
