ACE NEWSLETTER | JULY 2020

Cornell University

Ithaca College

SUNY Cortland

Tompkins Cortland Community College

We hope everyone is starting to settle into a summer routine and finding creative ways to stay cool in this heat wave.

This summer your ACE Team is starting to look at ways we can evolve with you in this new learning environment. This includes working with our college and university partners to make sure we creatively approach this new year.

We are also working on the summer program schedule, which will continue to roll out as programs are finalized. You can help us by taking the quick interest survey (located on page two).

And finally, we are working to expand our communication through newsletters and social media. Newsletters will continue to come out either monthly or bi-monthly. And for the most immediate updates, find us on Instagram and/or Facebook

Warm Regards,
Erica L Shockley

ACE NEWS:

Come Find Us!

We will now share program updates and resources through Facebook and Instagram accounts. Details are below.

Summer Skills Survey

Please take 30 seconds to fill out the "academic skill" interest survey to help us direct our program efforts.

Conversation with Cornell Students:

We had a lovely Zoom discussion with Cornell in June. We received great feedback about next conversation topics, including the first-generation experience, college athletes, and other college experience areas.

2020 Summer Program

Summer programs will be announced via newsletter, social media, and on the ACE website as they are confirmed. Register for programs on the ACE website.

ACE College Guide Six-Part PPT Series

Sign-up by July 10

ACE is developing a six-part PowerPoint (PPT) series to assist in your college journey. During this online program for both ACE students and family members, you will learn helpful tools and tips you can apply throughout your college planning experience and beyond. Sign-up on the ACE website receive all PPTs as they are released.

Academic Skill Interest Survey

30 SECONDS!

Developing a solid academic skill foundation now is a critical part of academic success in college. The results of this survey will help direct our summer and fall program efforts.

WHY ACE?

Whether you are just entering high school or preparing for your final year, ACE facilitates experiences that support students and family members as they:

EXPLORE passion areas that lead to academic exploration and career goals

MAKE informed decisions about your goals for and pathway into college

LEARN academic and personal development skills you can apply now

CONNECT with financial and other college preparation resources

PREPARE for your college transition and life after high school
