

Healthcare Management Fieldwork Planning Important Dates and Meetings

- Important due dates and mandatory fieldwork planning meetings are listed below.
- To find the dates that pertain to you, first identify the semester in which you plan to complete fieldwork and then refer to the corresponding information.
- The **Planning Meeting** explains the process of setting up your placement, and the **Orientation Meeting** covers essential information you need to know before you begin your hours.
- **Attendance at both meetings is mandatory. Meetings are from 12:30 – 1:30 pm.** The dates are posted in advance, so plan accordingly.
- In addition to the meetings, students are welcome and encouraged to meet with the Healthcare Management Coordinator individually to discuss their plans.
- On the **Intent to do Fieldwork form**, you identify the semester in which you intend to do fieldwork and provide basic contact details. The **Application to do Fieldwork** is the form where you identify the specific agency or organization that has accepted you and provide the agency's contact details. Both forms and the manual are available on the [HCM Fieldwork Website](#) and the Pre-Fieldwork Planning Community Room in BlackBoard. The forms should be submitted to the Healthcare Management Coordinator by the due dates listed. Students should download and review the HCM Fieldwork Manual.
