

## Access and Login

Faculty and professionals who work with curriculum have been given access to the system. If you attempt to log in and do not have access, please send a message to [curriculum@cortland.edu](mailto:curriculum@cortland.edu). We are working to move the system under myRedDragon to provide secure sign on for all members of campus and we will send notification when that is complete.

For now, please go to the following link to access Curriculog:  
<https://cortland.curriculog.com>

### Log In

Once on the Cortland Curriculog homepage, sign in using the following:

Username: complete SUNY Cortland email address (e.g., firstname.lastname@cortland.edu)  
Password: curriculog

You will know that you have successfully logged in by seeing your name in the upper right hand corner of the Curriculog toolbar.

### Changing Your Password

Because all users' passwords are the same, you should reset your password upon log in. Hover over your name in the top right corner and select *My Settings*. Click on your name in the left pane to open your account summary; in the right pane, click on *Change Password*.
