

Arts and Sciences Curriculum Committee

4/30/12

Attending: C. Schubert (chair), S. Pasha, D. Collins, G. Peterson, B. Rivest, J. O'Callaghan

New business:

- Election of a chair for the 2012-13 year - by unanimous vote, David Collins was selected as chair.
- By unanimous vote Claus Schubert was commended for an excellent year at the helm; our workload was handled with grace, finesse and speed. Job well done.

Announcements:

- David Collins will be attending a meeting with Carol Van Der Karr and others about improving the curricular process. Please pass any concerns/suggestions you have on to David asap.
- Per Gigi we still have a problem with the new course proposal form erroneously referring to a TEC syllabus template.
- Per Claus the only curriculum issues that linger are in Performing Arts and AAS. We issued contingent passes re Performing Arts Dance classes on 4/16/12 and the time has expired for the amendments to be made.* Still no word from Performing Arts. Likewise there is an AAS dance proposal (AAS 242) from 11/11/11 ago that is awaiting comment from David Neal.

****[The PA dance classes (Ballet) were subsequently passed and forwarded to the Dean]***
