The SUNY Model European Union (SUNYMEU) is an annual simulation of the European Union organized by the Institute for European Union Studies at SUNY (IEUSS), the host campus (SUNY New Paltz), and the SUNYMEU Council (includes representatives from all participating SUNY campuses).

**PURPOSE:**

The primary purpose of SUNYMEU is to provide a framework for a simulation of a European Council meeting.

It is expected that 150 students, drawn from universities in North America and Europe, will participate in the simulation in Turkey. All students are assigned roles, including heads and foreign ministers of national EU member state governments, the European Commission, and the permanent representatives (ambassadors). Students prepare for the simulation at their own universities, with the help of faculty advisers and guidance that is provided through the SUNY MEU website, and the annual SUNY MEU Manual (Blue Book). Researching the simulation topic and the assigned roles constitutes an important part of all students' preparatory work. Students may also apply for the 3 credit program "Turkey and the EU" offered through Buffalo State's Office of International Education, which includes the 3-day Model EU plus a 10-day study tour throughout Turkey.
