

## Biomedical Sciences

### School of Arts and Sciences

The program requirements pertain to the Undergraduate Catalog and are intended as a guide for academic planning. Students currently on SUNY campuses should consult their academic advisor for additional choices in general education categories when any course is recommended.

- To view all required courses for the program and Cortland's General Education courses, see the most current undergraduate [Catalog](#).
- Use the [transfer equivalency tables](#) to choose equivalents at your transfer college.
- If you plan to transfer before you complete your associate's degree, you can still earn your degree via [Reverse Transfer](#).

## About Biomedical Sciences

You'll explore course work specific to the biomedical field, gain knowledge and experience through internships and have the cognitive course work to promote success on entrance examinations to graduate programs. With a degree in biomedical sciences, you'll be able to successfully pursue a variety of careers.
