Archaeology

School of Arts and Sciences

The program requirements pertain to the Undergraduate Catalog and are intended as a guide for academic planning. Students currently on SUNY campuses should consult their academic advisor for additional choices in general education categories when any course is recommended.

- To view all required courses for the program and Cortland's General Education courses, see the most current undergraduate [Catalog](#).
- Use the [transfer equivalency tables](#) to choose equivalents at your transfer college.
- If you plan to transfer before you complete your associate's degree, you can still earn your degree via [Reverse Transfer](#).

About Archaeology

You'll learn to appreciate how this discipline balances scientific investigation with culture-based understanding of past societies as you study the material remains and environmental settings of early civilizations.

Career Potential

- Teaching (elementary and secondary)
- State and federal advisory positions such as the Environmental Protection Agency
- Cultural resource/land management/ environmental agencies
- National and state park service
- Public archaeology facilities

What Will I Learn?

- The study of prehistoric and historic societies in worldwide contexts
- How to apply scientific and laboratory-based methods in your research

Applying to Cortland

- SUNY Cortland accepts the Common Application and the SUNY Online [application](#). Choose just one way to apply; both require a \$50 non-refundable application fee.
- If you apply to Cortland using the SUNY application, SUNY will waive the \$50 application fee for transfer students graduating with an associate degree from a SUNY or CUNY college, who apply directly to Cortland for baccalaureate programs.
- Fall applicants should apply by March 1. Spring applications should apply by November 1.
- After [applying](#), students must send transcripts from all colleges attended and a high school transcript.
