

Arts and Sciences Curriculum Committee

1/23/12

Attending: C. Schubert (Chair), D. Collins, M. Barnaby, G. Zarate, S. Pasha, J. O'Callaghan
Guest: Carol Van Der Karr

Discussion with Carol regarding possible changes in policy or procedure. Carol is interested in getting the Handbook and the Curriculum Guide better aligned. Discussed the importance of having input from the school committees as they are aware of issues that are cleaned up before the proposal moves on in the process. CCRC has a subcommittee looking into revision of the Handbook and Curriculum Guide. Certainly open to adding members and/or getting input from the school committees. Looking for feedback on the forms too.

New business:

*** Alteration of an Existing Programs: Economics and Business Econ majors (8 programs)
Changes to 105, 110 and 111 minimum grades: students will be required to have a grade of C minimum (old policy was C-).

VOTE: Pass

*** Alteration of Course Proposal: ECO 385 to change to MGT 385. Needs a FORM2 for ECO 385. Plus the HRM concentration needs clarity - proposal is confusing.

VOTE: Table.
