Electives (12-13 credits)

Total: 64

# Geography

## School of Arts and Sciences

The program requirements pertain to the Undergraduate Catalog and are intended as a guide for academic planning. Students currently on SUNY campuses should consult their academic advisor for additional choices in general education categories when any course is recommended.

- To view all required courses for the program and Cortland's General Education courses, see the most current undergraduate [Catalog](#).
- Use the [transfer equivalency tables](#) to choose equivalents at your transfer college.
- If you plan to transfer before you complete your associate's degree, you can still earn your degree via [Reverse Transfer](#).

## About Geography

There's more to geography than locating state capitals and identifying mountain ranges and rivers. Geographers predict the weather and analyze environmental changes; they deal with issues of population such as where population is greatest and why and how populations change and have changed. They work in tourist development and for international businesses.

## Career Potential

- Census Bureau data analyst
- Military intelligence officer
- International commerce
- Tourism development planner

## What Will I Learn?

Your course work includes:

- Physical geography
- Cultural geography
- Human geography and global development
- Cartography and Geographic Information Systems

## Applying to Cortland

- SUNY Cortland accepts the Common Application and the SUNY Online [application](#). Choose just one way to apply; both require a \$50 non-refundable application fee.
- If you apply to Cortland using the SUNY application, SUNY will waive the \$50 application fee for transfer students graduating with an associate degree from a SUNY or CUNY college, who apply directly to Cortland for baccalaureate programs.
- Fall applicants should apply by March 1. Spring applications should apply by November 1.
- After [applying](#), students must send transcripts from all colleges attended and a high school transcript.
