

SUNY Cortland Undergraduate Course Preference Form

Name _____ C# (If known) _____

Major or Area of Study _____

For course listings please go to <http://www2.cortland.edu/offices/registrars-office/course-schedule-registration.dot>. Please select 12 – 18.5 credits. We will make every effort to place you in your first-choice courses; however, we cannot guarantee that you will be able to register for every class due to space limitations or course prerequisites (“prereqs”). For this reason you **must** select alternate course choices, in addition to your preferred courses. Many upper-level courses require students to have taken certain prereq courses. If the Course Schedule indicates that one of your preferred courses has one or more prereqs, then you must provide evidence, such as your transcript and a course syllabus, that you have taken courses comparable to those prereqs.

*Please note: T= Tuesday R= Thursday TR= Tuesdays and Thursdays

I understand how this study affects my degree program and transcript. I also understand that it is my responsibility, and NOT that of the International Programs Office, to obtain the necessary approval from my home campus to take any and all of these courses.
